

Contact Us

Rain CII is one of the world's largest producers of calcined petroleum coke. We are a truly global organization with plants and corporate centers in India and China, along with 8 locations in the United States (production facilities in Illinois, Mississippi, and Louisiana).

The geographic diversity of our facilities allow us to effectively manage both worldwide coke quality trends as well as the unpredictable challenges posed by nature and weather. Rain CII is there where and when our customers need us.

Rain CII offers unparalleled dependability thanks to our depth and breadth of operations.
